

## PROFILE: GERALD WOLFE

GERALD WOLFE has produced for me three (3) Chapels CD's in the 1990's and my latest solo CD single "PUT CHRIST BACK INTO CHRISTMAS" in 2004. My deepest thanks extends to him.

Gerald Wolfe is the founder of Greater Vision which was organized in 1990. The vocals and the rich harmony Greater Vision has become noted for is a result of the blending of three unique and versatile vocalists. Gerald Wolfe, sings the lead. Rodney Griffin, handles the baritone part for the trio and Jason Waldroup, the group's youngest member, provides the exceptional tenor part.

Since the trio's formation, they have established a firm place at the top of the Christian music ladder, being named Trio of the Year by both The Singing News Magazine and The Southern Gospel Music Association. They have also held honors for Song of the Year in 1999 and 2000, with "My Name Is Lazarus" and "Just One More Soul", respectively.

Greater Vision has been featured on numerous video tapings of the Bill Gaither & Friends Homecoming Video Series, viewed by literally millions worldwide. They also appear regularly on In Touch, with Dr. Charles Stanley. Viewers across America see Greater Vision on television via TNN, TBN, BET, the Family Channel, INSP (the Inspirational Network), GMT (Gospel Music Television), The Odyssey Network, and many other local, cable, and satellite channels.

Almost two hundred times every year, these three gentlemen present the Gospel in a way that has endeared them to audiences with diversified musical tastes. Their diversity has gained them the respect of fans and industry members alike.
