STATESMEN QUARTET COLLECTOR SERIES No. 1

All 20 songs on this collection have been digitally restored and enhanced with the guiding philosophy of preserving the Authentic sound of The Statesmen Quartet.

The first 12 songs are taken from The Statesmen first LP album, RCA 1411. The next eight songs are some of my favorite that include solos and leads by my dad.

And, because he sings on all these recordings it has been a great joy but also a great challenge to produce the highest quality reproductions for my grandchildren to one day hear and truly appreciate their great grandfather's amazing gift from God.

If you are a great fan of The Statesmen Quartet When Denver Crumpler sang first tenor, then I know you will play this CD over and over again.

So enjoy.... Thank you again for your interest and, May God always bless and keep, Bobby Crumpler
